Fields Corporation (Head office: Shibuya-ku, Tokyo; President and CEO: Hidetoshi Yamamoto) announces the nationwide release of Bisty's new pachislot machine "GTO."

The new pachislot machine "GTO" features characters from the comic series "GTO" created by Toru Fujisawa and serialized in the magazine *Shukan Shonen Magazine* from 1996 to 2002. With a story centered on a high school, symbolizing the modern generation, the comic series was popular not only in print but also in TV animations, dramas, and movies.

The new machine re-creates the gripping story of Eikichi Onizuka, nicknamed GTO (Great Teacher Onizuka), teaching the value of life to students who can no longer trust adults based on their personal experiences. He eagerly pursues such instruction, even while carrying out extraordinary activities. Many well-known scenes from the original are reproduced on an impressive 15-inch LCD screen, thereby optimizing the appeal GTO to enhance players' emotional involvement.

The new "GTO" machine, which features the full energy and passion of the original episodes, will have wide appeal to fans of the comic series and pachislot enthusiasts.

"GTO" is scheduled for delivery in early March to pachinko halls throughout Japan.

The release of this machine has been incorporated into the Fields Corporation business plan for the fiscal year ending March 2007.
