Fields Corporation (Head office: Shibuya-ku, Tokyo; President and COO: Takashi Oya) announces the nationwide release of the new pachislot machine from Rodeo Co., Ltd., “**Tenka Muteki! Salaryman Kintaro.**”

This machine incorporates elements from comic book writer Hiroshi Motomiya’s “Salaryman Kintaro.” This popular comic appeared serially in the weekly comic magazine *Young Jump* and was made into a TV series.

The machine will be launched featuring a new body with clearer and more powerful sound and state-of-the-art LCD screen. It recreates the story of how the main character Kintaro, who has grown notably as a person as the result of his responsibility for subordinates and family, proceeds to overcome many difficulties in order to protect those close to him and his company. Players can enjoy the passionate world of Salaryman Kintaro to the utmost by means of the machine’s powerful scope, which interweaves over 3,000 different paths of actions and options, and varied gameplay generated by “Kintaro Time.”

Possessing dramatic impact, this machine is not only for pachislot enthusiasts but also many other people, including fans of the comic.

The Tenka Muteki! Salaryman Kintaro pachislot machine is scheduled for delivery in February 2008 to pachinko halls throughout Japan.
