## Launch of New Pachinko Machine “CR MAJESTIC PRINCE”

FIELDS CORPORATION (Head office: Shibuya-ku, Tokyo; President & COO: Takashi Oya) announces the nationwide release of the new pachinko machine from Daiichi Shokai Co., Ltd., “CR MAJESTIC PRINCE.”

### ■MAJESTIC PRINCE

MAJESTIC PRINCE was originally drafted as a joint creation between Sotsu Co., Ltd. and FIELDS, based around a concept and characters derived from researching sought-after hero images.

The TV anime, broadcast in collaboration with TOHO animation, brought to life a nuanced and dynamic story, with highly individual characters, a war between invaders from space and young people, and robot action scenes that unfold fiercely.

As well as a TV anime, it is also broadening its fans by cross-media development such as comics, games, merchandise, and pachislot machines.

### ■New Pachinko Machine “CR MAJESTIC PRINCE”

In “CR MAJESTIC PRINCE,” the game functions, specifications, and chassis have been approached from a completely new angle in order to let the player experience the original worldview with the pachinko game.

It has achieved an unprecedented level of enjoyment due to the features of the evolved game system, and, with the use of audio, video, and movable gimmicks, players can fully experience the appeal of the characters’ individuality and the dynamism of the robot animation.

The fusion of anime and pachinko creates a new, unconventional kind of entertainment, which FIELDS hopes many people will enjoy.

This machine is not only for pachinko enthusiasts but a wide range of people, including comics and anime fans. The machine is scheduled for delivery in April 2016 to pachinko halls throughout Japan.
