Launch of New Pachislot Machine *L Ultraman Tiga*

Our consolidated subsidiary FIELDS CORPORATION announces the launch of a new pachislot machine,
L Ultraman Tiga.

This machine will appear as a smart pachislot machine (“smart slot”).

“Ultraman Tiga”

“Ultraman Tiga” is a Japanese tokusatsu television series produced by Tsuburaya Productions. It first aired in 1996 and marked the 30th anniversary of the Ultraman franchise. After a 16-year hiatus since “Ultraman 80” (1980), it became the new Ultraman TV series, introducing a fresh hero concept that set it apart from previous entries. “Ultraman Tiga” is a representative work of the “Heisei (era) Ultraman Series.”

In “Ultraman Tiga,” an ancient warrior who visited Earth 30 million years ago is resurrected in modern times as the “Giant of Light.” This hero undergoes a “Type Change,” altering his appearance to match different abilities and contexts.

The show blended captivating science fiction elements with emotionally rich human drama, captivating both children and adults. It sparked a new Ultraman boom.

To celebrate its 25th anniversary in 2021, “Ultraman Tiga” became available for streaming on Tsuburaya Productions’ official digital platform, “TSUBURAYA IMAGINATION.” Additionally, a new TV series titled “Ultraman Trigger” continued the legacy of “Ultraman Tiga.” The popularity of “Ultraman Tiga” endures, with merchandise releases, live events, and even a third-place ranking in a 2023 sports newspaper “San Spo” (Sankei Sports) poll for favorite Ultra Heroes.

Across generations, “Ultraman Tiga” remains beloved, its appeal undiminished.
